EXPERTISE**

Passionate About Partnership

We are an **experienced and expert global sourcing partner**.

Our services include streamlined supply chain management, raw material stewardship and inventory cost control. Main markets served are; Pharmaceutical, Biopharmaceutical, Medical Device, Food Ingredients, Agricultural as well as Industrial Chemicals.

Headquartered in Dublin, Ireland and with over **55 successful years in operation**, NCC is a global leader in specialty chemicals. Our customers include some of the largest companies in the world and we partner with some of the most reputable suppliers globally.

We process each sourcing request through a rigorous internal quality sourcing framework to ensure that the precise product at the correct quality is offered.

At NCC we are committed to operational excellence with a robust quality management system provided by committed individuals dedicated to delivering materials to you on time, and in full. You may rest easy knowing our dedicated In-House Compliance team ensures adherence to all regulations, no matter where you are located.

Our membership of PlusChem means that we can offer customers sourcing solutions that go beyond industry norms. PlusChem is an international network of independent supply chain solution providers and one of the largest distribution networks in the world.

By utilising our services and benefiting from our years of experience, you can reduce your company's supply chain risk with confidence. The result is that you can focus on growing your business, secure in the knowledge that committed professionals are securing your supply chain.
