NCC Pharma Services

Your partner in the development and production of pharmaceuticals

With **50 years of experience**, NCC Pharma Services has unrivaled expertise with the procurement and delivery of raw materials. This expertise and experience enables us to guide our customers with their sourcing requirements, in particular when it comes to the development of drug substances and medicines. From building blocks for API synthesis to coatings for tablets, we can help your organisation simplify and strengthen your supply chain.

NCC Pharma Services works with some of the largest global pharmaceutical companies, providing efficiencies and solutions that solve our customer operational supply chain challenges.

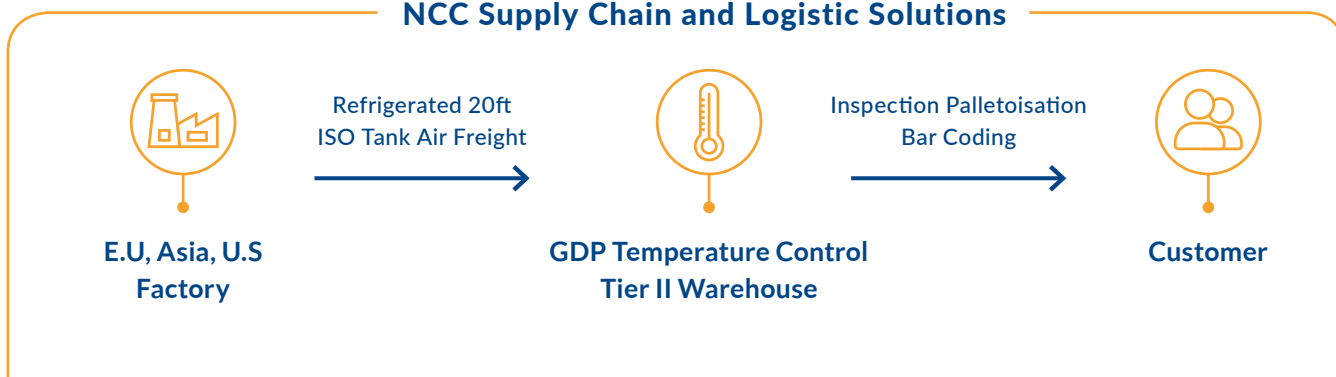

NCC - From preclinical to commercialised

Our service offering includes:

- **NCC Customer Excellence Managers** – Liaising between multiple vendor contacts and our customers.
- **Dedicated Sourcing** – In-depth market knowledge and technical expertise applied to manufacturer identification and authentication, patent searches, route of synthesis analysis, regulatory checks and due diligence.
- **Internal Quality & Compliance Team** – Maintaining the highest industry standards in quality and compliance. Committed to the Guiding Principles of Responsible Care® and ISO9001:2015 certified.
- **Supply Chain Management** – Secure supply, supply chain risk evaluation, change control and logistics support at every stage.
- **Bespoke services** – Matching purchase specifications, custom labelling, packaging and delivery requirements to exact customer needs.
- **On-site inspections** – Meetings in producer home country and visits to sites of manufacture conducted by experienced personnel.
- **REACH** – Know-how in the application of REACH and experienced in substance registration, CLP and SDS requirements.
- **Global reach** – Accessing European, Asian and American manufacturers via international personnel, trade show participation and our PlusChem alliance.

NCC Supply Chain and Logistic Solutions

About NCC

Founded in 1969, NCC is an established leading raw material and sourcing specialist. Supplying a comprehensive range of materials and ingredients to the pharma, medical polymer, food and industrial sectors.

NCC's excellent track record and in-house experts ensure that our customers receive consistently compliant products, solutions and services that have full supply chain traceability and meet the highest global standards.

Certified to **ISO 9001: 2015, Repak and the Responsible Care Programs** including **Good Trade and Distribution Practice (GTDP)**. NCC is an **SQAS** assessed company and a regular recipient of industry awards including being a **Deloitte Best Managed Company** since 2014.
