

PHARMA
SERVICES

Your trusted source for fine and specialty chemicals in the pharmaceutical industry.

ncc.ie

Your Global Supply Chain Partner

NCC Pharma Services combines 60 years of expertise with a fully integrated approach across quality, procurement, and supply chain. We enable reliable sourcing of high-quality raw materials, supporting every stage of drug substance and product development.

From starting materials to catalysts, we bring clarity, control, and efficiency to complex supply chains – partnering with some of the world’s leading pharmaceutical companies to deliver consistent performance and dependable results.

The Foundations of Our Service

Critical Raw Material Supply

Supply key raw materials primarily for small molecule manufacturing.

Sourcing Expertise

Identification of compliant, high-quality, & commercially viable global manufacturers for in-demand materials.

Supplier Validation

Robust supplier due diligence & comprehensive qualification processes.

Audit Management & Readiness

End-to-end audit coordination, including CAPA support & follow-up actions.

Regulatory & Quality Compliance Support

Ensure adherence to global regulatory & quality standards, including REACH compliance.

Manufacturer Network

Partnerships with a broad network of leading chemical manufacturers across the world.

Facilitate Speed to Market for New Product Launches

Development → Clinical → Commercial Supply.

Risk Management & Alternative Source Development

Secure resilient raw material supply chains for existing drug production.

Technical Sourcing

Our sourcing experts understand pharma, with a tailored direct-to-source approach.

One Connected Approach to Quality, Procurement & Supply Chain

NCC Supply Chain and Logistic Solutions

Sourcing & Importing Globally from Manufacturers

Supply from Kilo Scale to full container loads

The Highest Standards of Warehousing

Delivery Excellence - On Time In Full Delivery

Logistics & Operations

Import and customs expertise, local infrastructure (3PL warehouse network), haulier partnerships, delivery and volume stats (OTIF and no. of deliveries).

Sustainability

SBTI committed, ISCC Plus certified, Ecovadis certified.

One Team, Aligned Around Your Success

27 Countries we source from

25 Countries we supply to

192 New products sourced 2025

Reach Registered

- 1,3-Dimethyl-2-imidazolidinone
- 2-Fluoroacetophenone
- Acetonitrile
- Anisole
- Bis Pinacolato Diboron
- Isopropyl Chloride
- Propylene
- T-Amyl Alcohol
- Trimethylsulfoxonium Iodide

Product offering

- Starting Materials
- Intermediates
- Excipients
- Fine Chemicals
- High Purity Solvents
- Catalysts

“ NCC are one of our true partners as is evidenced by the fact that no other supplier supplies more products to our API site ”

What our customers say

In a recent NCC customer survey*:

- ✓ 69% of customers surveyed stated that NCC exceeded or greatly exceeded their expectations when it came to the product or solution quality specification
